## Moving to Arlington

This month has been packed with so many activities that it's hard to know where to start! The **first week** of June my team and I moved to Arlington. Our apartment wasn't ready in time, so we stayed in church members' homes until we could move into the apartment. Finally, we were able to sign the lease and **move in**! Our neighbors are very nice and welcoming, and we have already met most of the families that live in our block of apartments. I am so thankful for this place to live.

## Arlington Work Camp

The **second week** of June was the **Arlington Work Camp** (AWC), hosted by Woodland West CoC. Youth groups from all over came to Arlington to scrape and repaint old houses. It was an awesome experience because I had never participated in a work camp before. It was cool to see middle schoolers who had never painted a house before work, serve, and start to take ownership of the work they were doing. It was a long, but a good week.

## Missions In Action

Woodland West hosted a kind of VBS for kids the **third week** of June; it was called MIA (**Missions In Action**). This was probably my favorite activity that we have done so far. The point of MIA is to introduce the idea of missions to young kids and encourage them to be servants and missionaries even when they are young. Each day they had classes and activities about some aspect of service, then in the afternoon we went to somewhere in the community to serve and be a blessing. We went to an animal shelter, a retirement home, and the fire station. It was beautiful to see the kids excited to serve and really learn what they were being taught! I'm inspired and hopeful for this next generation!

## Verse of the Month

"But when you give to the needy, do not let your left hand know what your right hand is doing, so that your giving may be in secret. Then your Father, who sees what is done in secret, will reward you."

Matthew 6:3-4

## Crusade for Christ

The **final week** of June was when the Crusade for Christ came to Fort Worth and the whole DFW area. For those unfamiliar to the Crusade, it is a massive event among the Churches of Christ every two years in a different location each time. It kicks off on Sunday with multiple congregations worshipping together in a big convention center. Then, Monday through Wednesday the mornings are full of **door knocking** and inviting everyone to the time of worship and preaching in the evenings. I had never participated in anything like this before, and it really pushed me out of my **comfort zone**, but I am so glad that I did. The passion and joy that so many people had that were there inspired me to have that same kind of joy and passion.

## Prayer Request

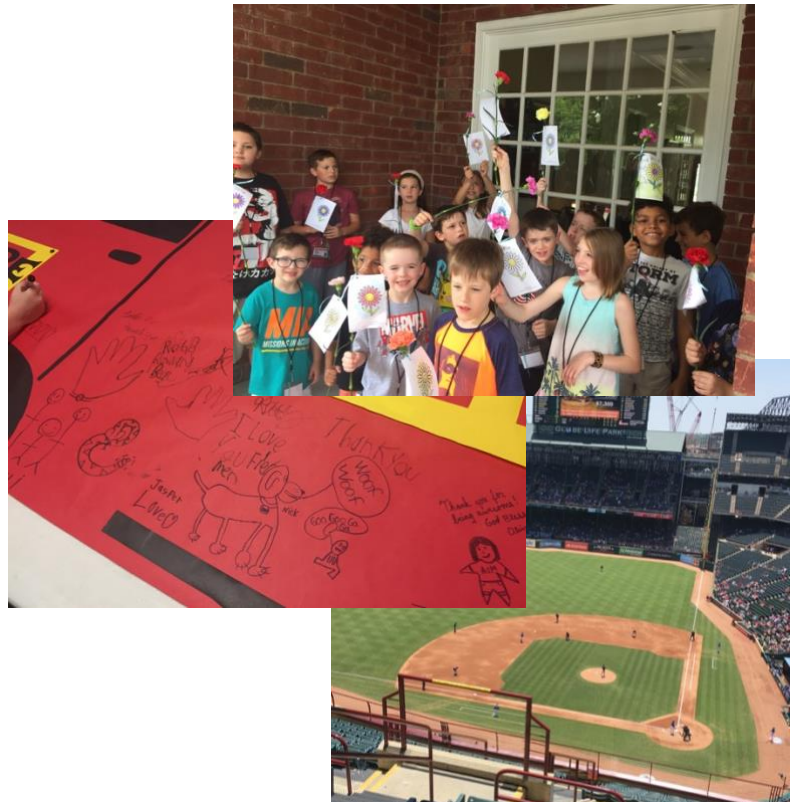

We will be doing a lot of traveling next month, so please pray for safety on the road for everyone driving.

## Blessings from God

I am continually reminded of God's faithfulness and provision! The Woodland West congregation has been such a blessing to us as we transition into living in Arlington and working with their church. We've continually felt welcomed and loved by all the members! God is so good!

## Looking Forward

In July my team will join the Woodland West youth group to their annual summer camp at Pine Springs in New Mexico. We will be helping teach classes to the high school girls from the book of James. Then later in the month, my team and I will be going to PBC (a Bible camp in South Carolina that I grew up attending) to promote AIM to the campers and to help teach a class on missions. I am super excited for what's coming up!

## Thank you!

I thank God for all of you! Whether you support me financially, pray for me, or read my newsletter and respond with some words of encouragement. I am so thankful and encouraged by your love! I feel so blessed to be surrounded by such great examples of love, faith, and service. Thank you!
